DETAILED ACTION

Claim Objections

Claims 45-46 are objected to because of the following informalities: *"by an a non-permeable barrier"* should be -- by a non-permeable barrier--.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

Claims 45-46 are rejected under 35 U.S.C. 102(b) as being anticipated by Harris (US 4,497,714). Harris discloses numerous structural elements in his fuel-water separator. Wall 114 is seen to constitute a non-permeable barrier, while fiberglass 212 is seen to meet the claimed limitation of a filter media, and openings 210 are seen to constitute perforations in a cylindrical core.

Response to Arguments

Applicant's arguments with respect to claims 45-46 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
